The Lustgert case is on trial a second time at Chicago.

Speaker Reed is not taking much interest in the present administration.

A few thoroughbred horses sold in the Blinggass thoroughbred sale at \$5 and \$10.

The Farmer's Journal published at Owensboro has been moved to Fortville. Mr. A. S. Wesley will be the publisher.

R. H. WILLETT, cashier of the bank at Englewood, Ind., has promised to return and settle up if no press cuttings are instituted.

Miss Christine Bradley has been selected to christen the new battle ship Kentucky, which will be launched at Newport News in January next.

President George Gould, of the Missouri Pacific system as a Thanksgiving present advanced the employees 10 per cent. This will effect 29,000 men.

Eighty quarts of nitro-cyanine exploded last Friday near Chesterfield, Ind. Three men were injured and one killed and many houses were damaged.

They tell us that numerous repairs will have to be put on the Representative's Hall at Frankfort before it can be occupied by the members of the Legislature.

Two negroes are serving as jurors in an important murder trial in central Kentucky. A negro juror is a very rare official in this state, because nine-tenths of them are incompetent for jury service.

Ex-Gov. Crittenden, of Missouri, has informed the Hon. William Jennings Bryan, that he will accompany him in a tour of Mexico, where both of them will study the financial system of that country.

Senator Lindsey has returned to Frankfort from Washington. The Democrats, by the way, are making some pointed remarks about the Senator's resignation, but there is no probability of his offering it.

The largest cannon in the world is now being built at the Bethlehem iron works in Pennsylvania for the protection of New York harbor. It will require 1,000 pounds of powder for every discharge and will carry a projectile weighing 2,300 pounds in almost a straight line more than sixteen miles.

The next Governor's race in Kentucky among Democrats promises to be something lively. The nomination when secured will be about equal to an election and the fight for it will be pushed pretty hard. There are already some eight or ten prospectives, any one of whom could do the party and the state credit.

Cassius M. Clay's child wife has probably left him for good if all reports are true. So the old man lies in his old palatial home with no one to care for him or sooth him in the dreary hours that drag heavily. More than once he has retreated her to return, but she is seeking for love more congenial.

Mr. Bynum, Chairman of the National Democratic Committee, issued his manifesto to the few faithful remaining of that party last week, wherein he urged them to stand firm and not desert the old ship. As Mr. Bynum has already received about ten thousand dollars for his services as chairman of that organization he can well afford to go on with the performances.

As the time for the meeting of Congress approaches there is considerable anxiety felt as to the tone of the President's message. The country of course is looking for some increased prosperity under this administration and it behoves the Republicans to bring it about. The present situation is one upon which the hopeful outcome of things but not to be a reform in our financial system. This the Republicans admitted before they got into office and this among other things is what is claiming the thoughtful view of the President.

The Teachers' Meeting.

The joint Teachers' Association of Breckenridge and Meade counties met at Irvington last Saturday. There was a goodly number of both counties present. Some excellent papers were read and discussed. The meeting was most pleasant and profitable to teachers, visitors and community. The pleasing feature and one that all enjoyed was the elegant dinner, served to the Queen's taste in the school house, by the good women of that town who know just how to make their guests feel at home. No better community or finer people live than you'll find in and around Irvington.

Farmers' Meeting.

Mr. A. D. McNair, of Danville, N. Y., will give a free lecture and distribute free books to farmers on the "Fertilization of the Soil," at Cloverport, on Wednesday Dec. 8, at 5 o'clock p.m. The meeting will be announced by posters on day of lecture.

GLENDEANE.

Len Mattingly, West View, was here Saturday.

Miss Irene Board was the guest of Miss Carrie Owen Sunday.

Mrs. Corder, of Fordville, is visiting her mother, Mrs. Bettie Moorman.

Mrs. Thomas, nee Weston, of Leitchfield, visited friends here last week.

W. R. Moorman is far from being a well man and is in bed much of his time of late.

Miss Hattie Moorman spent Thanksgiving at Joe DeJernette's, in the Jolly neighborhood.

Doris Brown, after a good business here showed their picture gallery to McDaniel last week.

Mr. Robert Wells, aged about 62 years, died Saturday morning after an illness of about four months.

Mrs. Willie Owen has gone to spend several weeks with her daughter, Mrs. Jimmy Kincheloe, at Carrollton, Ky.

John Dyane has a fine new gun, unequalled by anything in this town. John is also acknowledge d our most successful bird killer.

The report was circulated last week that there was a case of scarlet fever in town. The scare was without foundation, for there's nothing of the sort here.

And there seems to be substantial talk about a flaring gun going up here. Two or three men whose decisions are actions have the matter under consideration.

That part of Bro. Bulidge's congregation that went to the protracted meeting at Jolly Sunday missed a fine sermon at home. His preaching is rapidly becoming more powerful.

Miss Hannah Smith and little sister were thrown by a runaway horse one day last week. Luckily they were not seriously hurt. A train came by at an unusual hour and found them riding near the track.

Louis Ashby shipped 75 pounds of tobacco seed to Louisville last week, realizing \$12.50 for the shipment. I understand that his tobacco was damaged probably \$20 by his raising so many seed plants. Seems a good business.

Thanksgiving was not maddeningly observed here. Diners were off with W. C. Moorman's and at Dick Owen's. Most of the men and boys had dinner. Miss Fannie and school girls appropriate services for the occasion. Mr. R. L. Laslie also served of the day at his school. Utopia was all a rest for the day.

Doris Moorman is putting a large two story addition to his store property. He will fill the lower story and basement with goods. A Masonic Hall will occupy the second story and thus does Glendale move forward with strides which would do credit to a much older town.

I had a chat with pedagogue Laslie Sunday morning as he was on his home at West View. He tells me that his school will close in three weeks more. He will then go to Barboursville, Ky. to enter school. Friend Laslie has tarried very successfully this year and he will leave a host of friends when his term closes.

A good plank walk from town to the schoolhouse and a fence around the yard are late improvements.

The Immomata, or No Names, are an original, independent body of good workers. Their motto, "Pray for us" is a good one, but their effort Friday afternoon would suggest "Laugh with us" as something quite appropriate.

The addition this fall of Miss Irene Board as a member of our faculty is one long step towards the present excellence of the school. She is giving entire satisfaction and is a favorite with pupils and parents.

Our honor roll for this month contains these names in the order of their standing: Mary Moorman, Emma D. Moorman, Samie Robertson, May Dempster, Mrs. Mary Moore, Barbara Moore, Johnnie Hopkins, Ollie Hopkins, Elliott, Moorman, Walter Moorman, Martha Lou Powell, Mary Lansford, Harry Moorman, Paul Dempster, Monna Hunter, Mrs. Omer, Nellie Moorman, Eula Harper, Hattie Moorman, Styles Howard, Eddie Moorman, Jessie Rhodes, Eddie Bratton, and Coleman Mattingly. Miss Irene Board is the new addition.

The average of 99.77 and the lowest was an average of 97. Other names familiar to the honor roll, such as Henry Moorman, Mary Peyton, Eli Robertson, etc. are off on account of unavoidable absence one or more days. In Miss Brown's department Mannie Harper, Silvia Mattingly, Clara Mattingly, Mattie Willis, Nella Hopkins and Maud Maxwell deserve special mention for excellent work.

WITH LOVING
HANDS.Christmas Presents That May
be Made at Home.A Novel Gift For The College Student
In Which The College Colors
Are Employed.

ODD ONE USEFUL FOR SISTER, MOTHER,

Christmas gifts should not be too costly. Expensive gifts upset the equilibrium of the market, and it is better to make a return in kind and so degenerates into commerce. Perhaps the most acceptable of all holiday presents are those that bear the imprint of loving hands, something homemade and hand-made. Gifts of this kind are not represent a sum of money, but rather affection and kind thoughtfulness.

One of the cutest things of a homely kind is a devotional for keeping and to be used in the home. Another, and it may be readily rigged up by any one who has the least faculty for "making things," a clay pipe is the foundation, and it is dressed up as an old lady in a calico dress. The look of the pipe from the face, with that sharp point, will be complete.

A HOLIDAY HINT.

A homemade Christmas Present Suitable
For Men or Women.

A Christmas present that is simple and elegant may be made with a slight expenditure of work and material.

It is equally well adapted for gloves and for handkerchiefs and makes a gift suited to the needs of either the fastidious man or the dainty woman.

It is a simple affair, consisting of the exact size with the case to be and cover each with black satin on which you have embroidered yellow crescents and a golden border, gold thread. Line each with yellow India silk and stretch across them bands of satin ribbon, as the diagram shows, which is provided for the article. The cost of the material will be in some years ago.

Overhand the ribbons neatly to the

edge of the cover boards, and you

will then find that whichever way the case is turned, the cover will be

smooth and neat, as it is the ribbon

and not the articles they hold in place which change from side to side.

The last sides saw fast a handosome

box, by which time the case may

be kept closed and free from dust, and

that last step is taken the work

will be complete.

FOR EVENING TIRES.

A neat and useful Christmas Present For Gentlemen.

A useful handmade Christmas present to a gentleman is a sachet containing a perfume. A German fancy and bears the national tree, the oak. A more appropriate decoration would be an ivy branch, which is the emblem of friendship. It is long enough to hold white ties folded in half and

each end tied with a knot.

Hoof's Hints set easily and promptly on the liver and bowels. Cure sick headache.

A Story of Whitman.

Mrs. Alice Freeman Palmar tells a story illustrating the almost boyish modesty of the poet Whitman. A little girl, the daughter of a Boston man, who Whitman was visiting there, and clapping both the poet's hands in her own, exclaimed, "How dirty you are!"

"I am not dirty," said the poet, "but I am a poet."

"I am not dirty," said the girl, "but I am a poet."

"I am not dirty," said the poet, "but I am a poet."

We still have five empty storerooms here inviting some enterprising merchant or two to come and make a fortune.

Dr. Henry Basham, of Curberville, and Dr. Dales Hayes, of Owsboro, were here recently repairing teeth. This appears to be a Klondike for the dentists as they always go away loaded down with money.

They have been getting in their work near to the time of taking fat from the pens and butchering them. Last Sunday they visited the houses of Allison Hayes and Pete Taylor while their families were at church and purloined two plates, a watch and several handkerchiefs.

The one thing talked about here is the least election. It is conceded that it was kind of a dog fight. The Breckinridge News is the only paper we have here, and had nothing to "take back" after the election, due to the fact it never spoke disrespectful of any one during the canvas, an example some of our little one horse papers should try to emulate.

Cancer of the Face.

Mrs. Laura E. Moseley of Dawson, Ga., says: "A small tumor, the size of a pea, color appeared on my cheek; it soon began to grow rapidly, notwithstanding all efforts to check it. My face became terribly inflamed, and was so swollen that for quite a time I could not see. The doctors said I had Cancer of the Face, a malignant type, and after examining their efforts were given up. My face, though, got any good, when I got the gangrenous tumor, the case as hopeless. When informed that I had died from the same disease, they said I died as hereditary Cancer was incurable.

"At this crisis, I was advised to try S. S. Hood's Pills, which I began to take, and which began to discharge and continued to do so for three months, then it began to heal, and I was able to live, which is longer until the Cancer disappeared entirely. This was several years ago and there has been no return of the disease."

A Real Blood Remedy.
Cancer is a blood disease, and only a real blood remedy can cure it. S. S. Hood's Pills are a real blood remedy, and never fails to cure cancerous, Cancer, Scrofula, Rheumatism, and all other diseases of the blood. Miss Ellen Munford has just returned home from a visit to friends and relatives in Louisville.

The Rev. Duvall preached a splendid sermon to a full audience on the third Sunday at Sardis Hill.

Mr. Duvall took vigorous and if I were to write him in the future to prevent, we will surely have a splendid next season.

Say! Will some one tell me where the tramps have all been for the past six months? I live right on the road and I have not seen a dozen tramps this fall.

The wheat fields look vigorous and if I were to write him in the future to prevent, we will surely have a splendid next season.

Say! Will some one tell me where the tramps have all been for the past six months? I live right on the road and I have not seen a dozen tramps this fall.

The Hon. Guy W. Richardson seems assured of his position under Mr. Shackford and we think Guy ought to have it.
